

Art and Gusto at TWENTYONE

The restaurant TWENTYONE at the 21er Haus offers a broad palette of foods and drinks from a fusion of cuisines featuring seasonal lunch menus - the selection of "twenty-one" à-la-carte meals seeks to appeal to a cross-section of guests, the international museum visitor and the Vienna native alike. Prices are in the mid-range - lunch menus start at 9, 40 Euro with the most expensive dish on the menu at 16, 50 Euro.

Indoors, the contemporarily designed restaurant seats approximately 100. The unusual details of the ceiling lighting provide a pleasant and warm ambience. The 200 m² outdoor terrace in the lower-courtyard of the 21er Haus is available all year round and features a classical and cozy atmosphere - lounge furniture and a shade sail invite the visitor to linger.

From a culinary perspective TWENTYONE offers a combination of traditional delights mixed with international ingredients - an exquisite selection of fine red and white wines as well as hand-picked choices of Gin complement the offerings. A highlight and a one-of-a kind in Vienna are the selection of highballs, cocktails served in tall glasses, valued by F. Scott Fitzgerald's characters in the 1930s.

Manager David Hoffman, who once delighted many on the musical stage, seeks to establish the new restaurant as a meeting place for the art scene. Special events, DJ bookings and live-performances - TWENTYONE promises to become an attractive hang-out for the young cultural scene.
